Let Us Plan Your Outdoor Living Room

"IT'S NOT A HOME UNTIL IT'S PLANTED"

A GARDEN OF EDEN

"The Garden of Eden" is an ideal which has persisted in the minds of all peoples since time immemorial. It suggests a perfect spot for rest, pleasure, and recreation, where a happy combination of trees, flowers, water, etc., gratifies the senses and where luscious fruits fall temptingly into one's lap.

The modern phrase for this same idea or ideal is "The Outdoor Living Room."

Knowledge of the habits of growth of plant materials and their arrangement is necessary to attain a happy combination, and harmonious and pleasing results. The attainment of this knowledge is a matter of education, experience, and natural good taste which are qualifications of our Landscape Architect. His services are enjoyed by discriminating people in distant states as well as in near by districts.

How to Enjoy our Landscape Service.—Give us all the information listed below. Send us a deposit of \$5.00 which will be applied on your later order for \$20.00 or more. We will send you a plan suited to your particular requirements. You can plant everything this season or divide the planting over two or more years.

The plan we submit for your approval will show the exact location of each tree, shrub, etc., and will furnish an accurate guide for planting. At the same time we will give you an estimate of the cost of the plant materials required.

WE NEED THIS INFORMATION

Please Answer All Questions Fully

- Give all dimensions of building and lot
- Show location of buildings on lot
- Give points of compass
- Show location of all trees and shrubbery on place
- Show location of all walks, drives, etc.
- Give all grades, show terraces, etc.
- Show any objectionable views to be screened
- Attach kodak views, taken from north, south, east and west sides of lot, if possible
- Show where windows in first floor are placed
- Is the house one, two or three stories?
- Color of house—brick, frame or stone
- Height of foundation and windows
- Do you like a lot of shrubbery?
- Do you want any hedges?
- Where preferred?
- Do you want us to locate trees, drives and walks?
- Do you prefer any particular kind of trees?
- Do you want a rose bed?
- Do you want a formal flower garden?
- Do you want any fruit trees?
- Do you want any evergreens?
- Do you want a vegetable garden? Where preferred?
- Do you want a rock garden?
- What is the character of soil?
- State how much you are willing to spend, also if you wish to plant part this season and the balance next season.

A SAFE PLACE TO BUY

Over one-half of our orders came from our old customers—full endorsement of our products and service. You, too, can enjoy "Growing Satisfaction."

"My order of shrubs came very promptly and I want you to know that I was delighted to receive such fine strong plants. I intend to follow your planting instructions very carefully and feel quite confident that I shall be amply rewarded for my efforts. Please tell Mr. Woodard his plan was very much to my liking and that I am carrying out his good ideas for a pretty back yard. Thanking you again for your promptness and fair dealing."

—E. R. Crockett, Tennessee

"I want to thank you for the interest taken in the Formal Garden you planned and planted for me, and tell you that I have had lots of compliments on this garden by people from Chicago and Tulsa."

"Your personal attention in this matter was appreciated very much by myself and Mrs. Crawford."

—Paul Crawford, Missouri

"Yours for Growing Satisfaction"

NEOSHO NURSERIES CO.

GENERAL NURSERYMEN & ORCHARDISTS
Owning and Operating over 1100 Acres
NEOSHO, Mo.

To Inquiring Friends

When you read our catalog we hope you will feel like Mr. Tolford of New Jersey who sent us his order and check for \$10.45 last March saying, "If your goods are as excellent as your catalog you will hear from me again."

We took great pains with that Catalog to help our friends to make wise selections of varieties, to plant at suitable distances, to set the trees and plants correctly and to care for them properly.

This knowledge is of great value if it is applied to quality products.

We are especially favored with a long growing season, adequate rainfall and good soil, and we have exceptional facilities for growing, grading, handling, storing, packing and shipping.

But our reputation for superior stock is chiefly due to skill and care in grading, in selecting the best and in preserving its vitality. Vitality cannot be seen. It will be present only by avoiding exposure to drying wind or sun and by keeping the stock at the correct degree of temperature and moisture until it reaches our customers.

The spirit back of all our operations and of all our dealings with our customers is expressed in our motto, "Yours for Growing Satisfaction."

If you will send us at least a trial order you will want to place your future orders with us.

To Our Customers

Our old customers are our best friends. Many have already reported on the stock we had the privilege of supplying.

We would like to hear from everyone of you. Even complaints will be welcomed as they may help us to furnish better stock and service.

Of course our faces light up when we receive complimentary letters or when repeat orders come in. These are also great incentives to continually improve our service.

We have been fortunate in our propagation this season and are thankful also for unusually favorable weather conditions, and are passing our good fortune on to you in the form of the lowest prices in years on as fine stock as we have ever grown.

If you have mislaid our catalog we will be glad to send another, the same as mailed last spring. We printed enough at that time to last two seasons. It contains 52 pages including 12 pages of illustrations in four colors.

Thanking you for past favors,

"Yours for Growing Satisfaction"

Neosho Nurseries Co., Neosho, Mo.

WHEN WE CAN SHIP

We can ship Evergreens, Peonies, Iris, Fall Bulbs, September on. Other stock about October 25th on.

TRUE-TO-NAME WARRANTY

The best guarantee of trueness-to-name is the precautions and care we take in handling and labeling our stock. If, however, any tree or plant should prove untrue-to-name, it is understood and agreed that the Neosho Nurseries shall be liable for the sum paid for the stock which may be proven untrue and shall not be liable for any greater amount.

GUARANTEE

We guarantee your satisfaction upon arrival of your order. If you should receive any unsatisfactory stock, heel it in subject to our disposal. All claims should be made immediately upon receipt of goods.

REPLACEMENT AT HALF PRICE

If the customer reports by October 1st following planting, we will replace at half price any stock that fails to grow, but we should not be expected to replace if failures are due to such causes as drought, floods, or neglect.

FALL PLANTING

Except in the extreme north and the lower south, Fall is the best time to plant, with few exceptions. Nature sows her seeds in the fall. The bulbs, runners, or whatever means by which plants multiply are all grown and in place ready to begin growth in the spring. The roots are at work long before conditions are favorable for spring planting.

Fall planting can be continued as long as the ground is not frozen.

In the fall the Nurseryman has a full assortment of sizes and varieties.

PARCEL POST SHIPMENTS
Trees not larger than 3 to 4 ft., Shrubs not over 2 to 3 ft., Roses, Small Fruits and Garden Roots can be sent by Prepaid Parcel Post if you will add 20 per cent to amount of order. We will refund any difference in your favor.

FRUIT

APPLE AND CRABAPPLE—

EARLY SUMMER—Liveland Raspberry, Yellow Transparent, MIDSUMMER—Red Astrachan, Duchess of Oldenburg, Wilson Red June, Sweet Bough, Early Harvest. **LATE SUMMER**—Maiden Blush, Ada Red, Wealthy. **FALL**—McIntosh, Grimes Golden, King David, Wagener, Jonathan. **WINTER**—Delicious, R. I. Greening, Winter Banana, Spitzenburg, Black Ben, Ben Davis, Rome Beauty, Baldwin, Northern Spy, Winesap, Stayman, Senator (Olivet), Genitor (Rolls or Janet), Mam Black Twig, Paragon, York Imperial, Willow Twig, Champion (Collins), Yellow Newtown.

CRABAPPLES—Florence, Excelsior, Hyslop, Whitnoid.

TWO-YEAR BRANCHED—Above Varieties

Diameter	Height	Each	5	25	100
		Rate	Rate	Rate	Rate
11/16 in. up	5 to 7 ft.	\$0.45	\$0.40	\$0.35	\$0.30
9/16-11/16 in.	4 to 6 ft.	.40	.32	.27	.23
7/16-9/16 in.	3 1/2 to 5 ft.	.30	.25	.21	.18

ONE-YEAR (1-Year Root)

Diameter	Height	Each	5	25	100
		Rate	Rate	Rate	Rate
1/2 to 3/4 in.	4 ft. up	\$0.35	\$0.30	\$0.25	\$0.20
3/8 to 1/2 in.	3 ft. up	.30	.25	.20	.15
1/4 to 3/8 in.	2 ft. up	.25	.20	.15	.12

RED DUCHESS—

One-year only. 5c extra per tree. Colors better and earlier than common Duchess.

RED ROME BEAUTY—

5c extra per tree.

GRIMES GOLDEN—

Double-Worked. Two-year only. 5c extra per tree.

TRIPLE THE LIFE OF YOUR GRIMES TREES

by planting our double-worked trees. The Grimes part is budded 12 to 18 inches from the ground on a hardy variety not susceptible to collar-rot. These Double-worked Grimes have roots and stock that are two seasons growth.

RICHARD DELICIOUS—Trade-Marked

This strain of common Delicious colors up a solid red two or three weeks earlier but is identical in flavor, size, shape and texture. The Richard originated near Wenatchee, Washington, in the orchard planted in 1910 by G. T. Richardson. Trees of the third generation grown from this original tree have borne fruit true-to-strain.

Wherever the common Delicious thrives, this Richard will prove more profitable because it can be picked and marketed two weeks earlier with solid red color. Windfalls are avoided and the keeping quality is better.

PRICES ON RICHARD DELICIOUS

Two-Year Branched—	Each	12	25	50	100
Diameter	Rate	Rate	Rate	Rate	Rate
11/16 in.	5 to 7 ft.	\$1.05	\$0.85	\$0.70	\$0.60
9/16 in.	4 to 6 ft.	.95	.75	.65	.55
7/16 in.	3 to 5 ft.	.80	.70	.60	.50

One-Year	Each	12	25	50	100
Diameter	Rate	Rate	Rate	Rate	Rate
11/16 in.	5 to 7 ft.	\$0.95	\$0.75	\$0.65	\$0.55
9/16 in.	4 to 6 ft.	.85	.70	.60	.50
7/16 in.	3 to 5 ft.	.70	.60	.50	.40

BLAXTAYMAN—Trade-Marked

This is a new introduction from Wenatchee, Washington, a sport of the common Stayman Winesap—Identical in every respect except that Blaxtayan colors up a solid blood-red. It has the same advantages over the common Stayman as the Richard does over the common Delicious.

PRICES SAME AS ON RICHARD DELICIOUS.

BLACKJON—Trade-Marked

A new and very valuable sport of Jonathan. Colors up a solid red at least a week ahead of Jonathan.

1 yr.	Each	12	25	50	100
Diameter	Rate	Rate	Rate	Rate	Rate
4 ft.	\$1.20	\$0.95	\$0.80	\$0.70	\$0.65
3 ft.	.95	.80	.70	.60	.55
2 ft.	.70	.60	.50	.40	.35

On all Trade-Marked varieties, purchasers are required to sign an agreement not to sell or give away or dispose of any buds or scions from these trees.

NOVELTY APPLE TREE— 3, 4 or 5 Varieties on One Tree
5 Varieties, \$2.00 4 Varieties, \$1.50 3 Varieties, \$1.00
We use varieties ripening from early summer to winter.

Extra Value for Early Buyers

APRICOT—(Superb)—

Diameter	Height	Each	5	25	100
		Rate	Rate	Rate	Rate
9/16 in. up	4 ft. up	\$0.70	\$0.60	\$0.50	\$0.40
7/16-9/16 in.	3 ft. up	.50	.40	.35	.30
5/16-7/16 in.	2 1/2 ft. up	.30	.25	.21	.18

CHERRY (Sour)—

Early Richmond (May Cherry), Montmorency, English Morello, Black Tartarian, Gov. Wood, Windsor, Napoleon (Royal Ann). The "Sour" Cherries ripen about a week apart. The Sweet are more particular as to soil and climate and are sometimes self sterile, so a Black Tartarian should be planted with any other sweet variety.

Diameter	Height	Each	5	25	100
		Rate	Rate	Rate	Rate
11/16 in. up	4 ft. up	\$0.60	\$0.50	\$0.45	\$0.40

-----	-----	------	------	------

FERTILIZER—Vigoro—

A valuable general fertilizer easily applied. Per 5 Lbs. \$0.50 Per 25 Lbs. \$1.75 Per 100 Lbs. \$5.00 Five pounds sent by mail to points within 300 miles of Neosho for 16c postage.

Quantities to Use.—On lawns, 4 lbs. per 100 sq. ft. On shrubs, 4 lbs. per 100 sq. ft. On hedges, 2 lbs. per 100 ft. of hedge. On trees, 3 lbs. for each inch of diameter of tree trunk, measuring 4 ft. from ground. Use in fall or spring on lawns; in spring and early summer for other plants. Directions for use are printed on each package.

FALL BULBS

We offer only the best grade for outdoor flowering. Narcissi, Daffodils or Jonquils, are grown in this country, but we import Tulips, Hyacinths and Crocus direct from Holland. They are guaranteed to be sound, clean and free from disease, selected bulbs for outdoors.

Planting Directions—Plant in October or November, 4 to 6 inches apart. Cover Tulips 4 in. deep, other kinds 5 inches. Put a handful of sand under each bulb. After the ground freezes, mulch with leaves or straw 4 to 6 inches. Remove this mulch carefully in the spring before warm weather.

*Varieties starred are good for forcing indoors.

	1 1/2-1 3/4 in.	3.50	3.25
	8-10 ft.	2.50	2.25
OAK, RED (Grows 70 to 80 ft.) (Quercus Rubra) Red leaves in fall. 8-10 ft.		4.00	3.50
	6-8 ft.	3.00	2.75
POPLAR, CAROLINA (Grows 50 to 80 ft.) (Populus Eugenei) Very fast grower. Useful for quick shade. 8-10 ft.		1.00	.90
	6-8 ft.	.60	.50
	5-6 ft.	.35	.30
POPLAR, LOMBARDY (Grows 60 to 80 ft.) (Populus Pyramidalis) Slender, pyramidal form. Very fast growing. Useful for screens and landscape effects. 8-10 ft.		.90	.80
	6-8 ft.	.60	.50
	5-6 ft.	.35	.30
SYCAMORE, AMERICAN (Grows 75 to 100 ft.) (Platanus Occidentalis) Rapid growing. Bark white with age. 6-8 ft.		1.25	1.00
	5-6 ft.	.75	.60
TULIP (Grows 60 to 80 ft.) (Liriodendron Tulipifera) Yellow flowers, May. Rapid growing. 6-8 ft.		2.25	2.00
WILLOW, WEeping (Grows 40 to 50 ft.) (Salix Babylonica) Dark green, leaves hardy. 8-10 ft.		1.00	.90
	6-8 ft.	.65	.55
WILLOW, GOLDEN WEeping (Grows 20 to 30 ft.) (Salix Nobel) Weeping habit, yellow branches. 5-6 ft.		1.00	.85
	4-5 ft.	.65	.55
SMALL TREES			
CATALPA, UMBRELLA (Catalpa Bignonioides) Useful for formal effects. 2-yr. heads, 5 ft. stems. 10-15 ft.		\$1.25	\$1.00
CRAB, BECHTEL DOUBLE FLOWERING (Grows 10 to 15 ft.) (Pyrus Ioensis) Double pink flowers, May. 2-3 ft.		.75	.60
CRAB, RED FLOWERING (Grows 15 to 20 ft.) (Malus Honga) Rose colored flowers, late April. Red fruit in fall. Very hardy. 3-4 ft.		1.25	1.00
CRAB, PARKMAN (Grows 10 to 15 ft.) (Malus Parkmanii) Bright rose flowers, early May. 3-4 ft.		1.00	.75
CRAB, FLORIBUNDA (Grows 10 to 15 ft.) (Malus Floribunda) Bright pink flowers, early May. Yellow fruits. 3-4 ft.		.75	.60
CRAB, REDVEIN (Malus Niedzwetzkyana) Large, deep pink flowers, purplish foliage. 3-4 ft.		1.00	.75
DOGWOOD, WHITE FLOWERING (Grows 15 to 25 ft.) (Cornus Florida) Large white flowers, April. Leaves crimson in fall. 3 ft.		2.00	1.50
DOGWOOD, RED FLOWERING (Grows 15 to 20 ft.) (Balled and Burlapped) (Cornus Florida Rubra) Bright pink flowers, April. 3-4 ft.		5.00	4.00
GOLDEN CHAIN —20-25 ft. (Laburnum Vulgare) Yellow flowers in spring. 3-4 ft.		1.75	1.50
HERCULES CLUB —18-20 ft. (Devil's Walking Stick) (Aralia Spinosa) White flowers, July. 3-4 ft.		1.50	1.25
MAGNOLIA, SWEET BAY (Balled and Burlapped) (Grows to 18 ft.) (Magnolia Glauca) Glossy leaves, nearly evergreen. White flowers, April. 2-3 ft.		5.00	4.00
MULBERRY, TEA'S WEeping (Morus Nivea) Umbrella shaped head, used as specimens. 4-yr. heads. 3-4 ft.		3.00	2.50
PEACH, PURPLE LEAVED (Grows 12 to 20 ft.) (Prunus Persica Atropurpurea) 4-5 ft.		.75	.60
PLUM, DOUBLE FLOWERING —6-10 ft. (Prunus Triloba) Double pink flowers, late April. 3-4 ft.		1.00	.85
PLUM, HANSEN'S PURPLE LEAVED (Grows 6 to 8 ft.) (Prunus Cistena) Purple-red leaves. Hardy. 4-5 ft.		1.35	1.00
PLUM, PURPLE LEAVED —10-15 ft. (Prunus Pissardi) Purple leaves all season. 4-5 ft.		1.20	.90
RED BUD OR JUDAS TREE (Grows 12 to 15 ft.) (Cercis Canadensis) Rosy-pink flowers, April. 4-5 ft.		1.50	1.25
THORN PINK OR SCARLET (Grows 12 to 15 ft.) (Crataegus Oxyantha Paull) Double scarlet flowers in May. Scarlet fruits. 5-6 ft.		2.50	2.00
WHITE FRINGE —20-25 ft. (Chionanthus Virginica) Lace-like white flowers, May. 3-4 ft.		2.00	1.75
WILLOW, PUSSY (Grows 15 to 20 ft.) Bush form (Salix Discolor) Showy catkins appear before leaves. 3-4 ft.		.75	.60
	2-3 ft.	.50	.40
